Prices are 15 cents/sq inch, with 25% discount if unframed or not professionally gallery wrapped. 100% of sales go to the Unitarian Universalists of Sarasota FL, which was not charged for any expenses. I am an amateur with no awards, grants, MFA studies or gallery collections. My father was a talented architect, so that may explain a little bit. A full-time career in human services and raising a family presented convincing alternatives to the hungry artist model. These works (and others also available) are given to help fund UUS projects and so the art finds a home and not a landfill resting place.
